

How to disable the pop up blocker and delete cookies with: Fire Fox

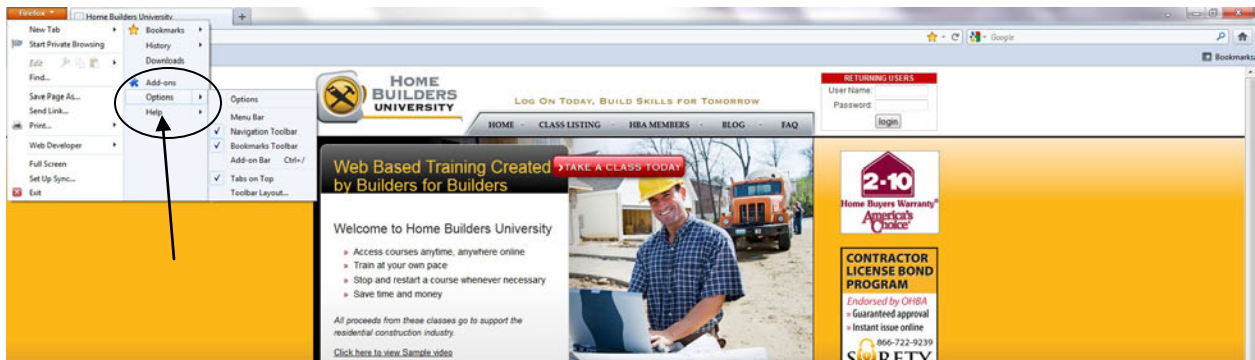

This is what the top of the browser looks like in Fire Fox.

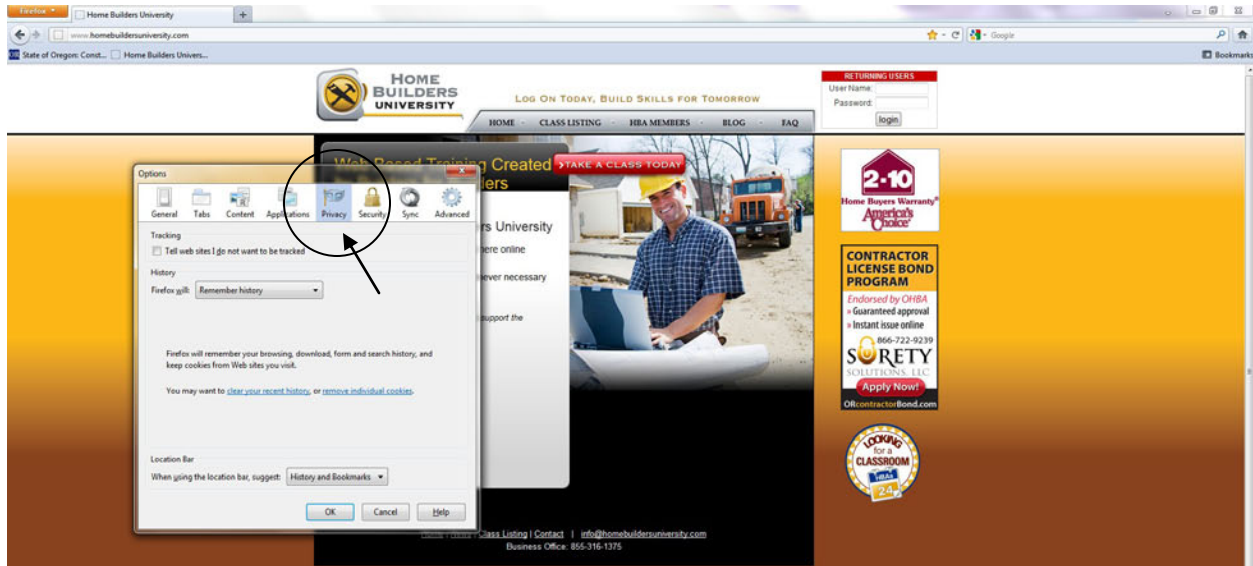

In the upper left hand side of the page, click on the orange box labeled “Firefox.”

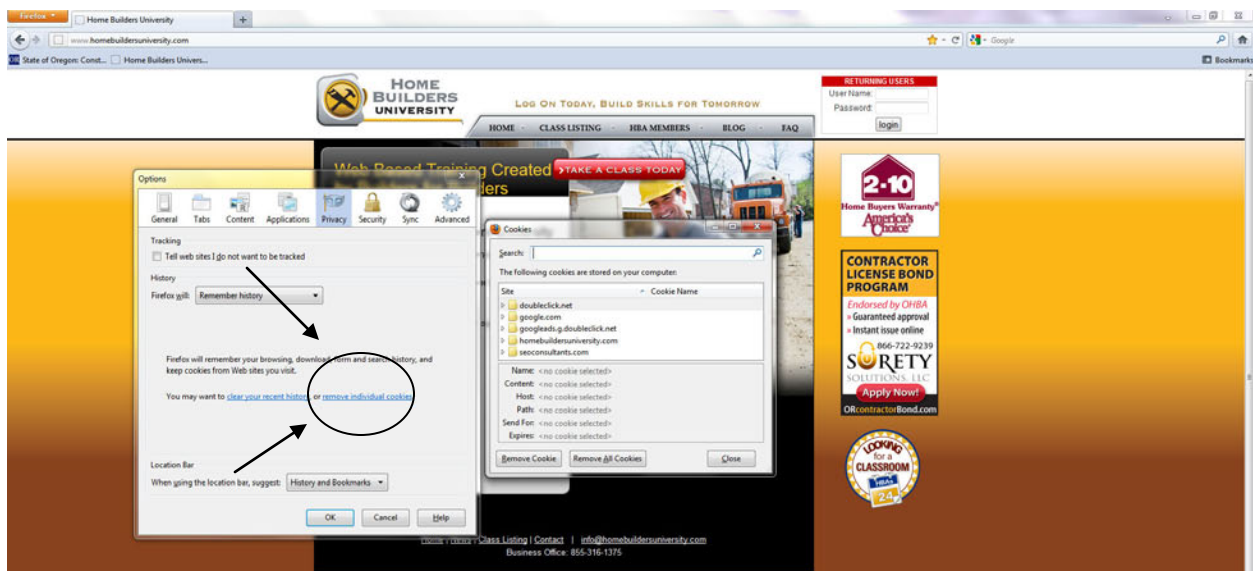

A drop down menu will appear. On the right side of the drop down menu, click on “Options.”

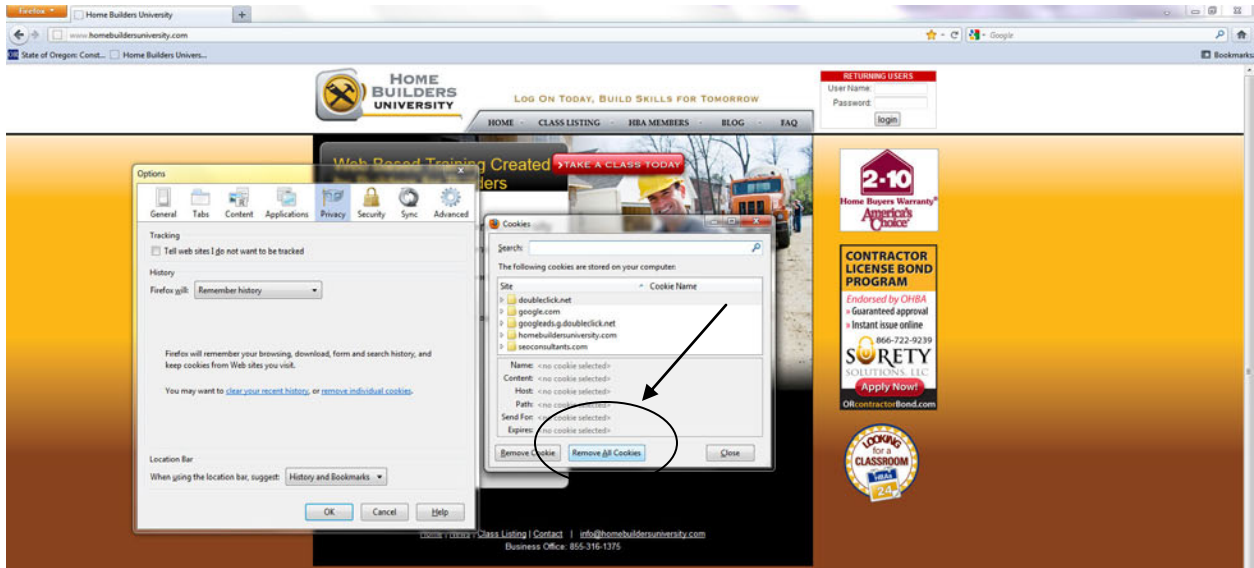

A new box will appear labeled “Options.” At the top of the box, click on the icon labeled privacy.

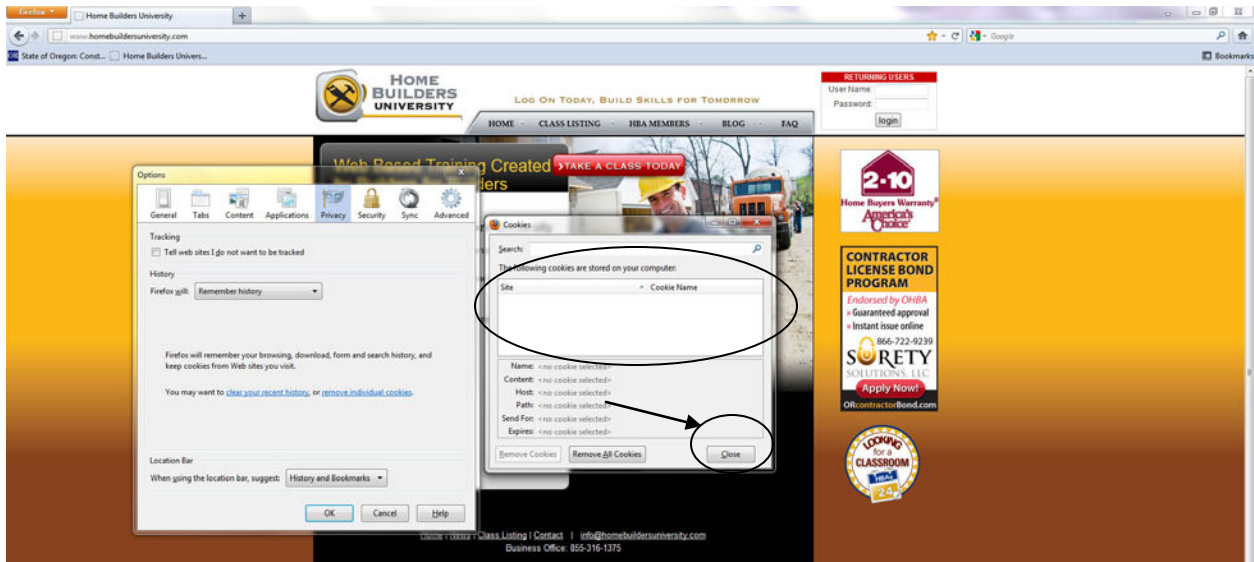

In the middle of the box, click on the blue words that say “remove individual cookies.”

In the new box that appears, labeled “cookies” - click on the “remove all cookies” button at the bottom of the box.

When the cookies have been removed, the box will be empty. Click close to go back to the options box.

Click on the content icon at the top of the options box. The first option on this page will be to “block pop-up windows”. Make sure this box is NOT selected. Click “Ok” to return to the internet.
